

Dear Parents & Carers,

We are really excited to be welcoming into school Dr Diane, who is a Maya Archeologist and will help us to start our history learning with a bang! She will be delivering workshops to each of the four classes to share how her work as an archeologist has helped her to learn about the past from material remains. Dr Diane will be bringing with her a large collection of artefacts and her passion for this subject.

Dr Diane will be in school for the whole day on **Thursday 11<sup>th</sup> September** which will cost **£5.50** per child; this voluntary contribution is now payable on Arbor under trips and visits. Please note that this is a voluntary contribution and that a child will not be treated any differently should a parent be unable to pay. However, the visit could not go ahead if a significant number of parents were unable to contribute.

If you have any questions, please do not hesitate to contact me or your child's class teacher.

Many thanks for your support,

Mrs Howes

Year 5/6 Teacher
