Welcome back to the pre-school!

Welcome back to all of our pre-school families – we hope you had a lovely Easter break. This term the children will be learning about The Great Outdoors. This will cover Minibeasts, farms, zoos and noticing the signs of Summer. We will be looking at what it takes to be explorers when we are camping and hearing about our own camping experiences.

We are going to make the most of the better wetter and take a lot of our learning outside where we will enjoy building obstacle courses, mark making with chunky chinks and making potions in the mud kitchen.

This term we will continue to strengthen children's fine motor skills with lots of funky finger activities such as threading, dough disco, flipper flappers etc ready for the children starting Reception.

We will be looking at building on the children's independence and will be encouraging the children to put on their own coats and begin to wipe their own bottoms (that can then be checked by an adult).

Summer Term 2 Circus, Health & Fitness, Holidays.

Our Learning

Our learning will be focused around The Circus and what we might see there. We will enjoy learning some Circus Skills as well as lots of circus inspired crafts.

We will also be learning about our bodies and how to keep fit and healthy. This will also include how to keep our teeth healthy.

As Summer approaches, we will be looking at holidays and where we go on holiday and where about in the world it might be. This will link with different methods of transport.

We will be getting the children ready for transitioning to school with some visits to the class so the children can become more familiar with the setting and staff.
