

6<sup>th</sup> January 2026

Dear Parents and Carers,

We are excited to announce that the WonderDome mobile planetarium will be visiting our school on Thursday, 29<sup>th</sup> January! This is a fantastic opportunity for our children to embark on an immersive, cosmic adventure without leaving the school grounds.

The WonderDome is a mobile planetarium that brings the wonders of space right to our doorstep. Through an interactive, presenter-led show, our children will be transported on a thrilling journey across the Universe. The shows are designed to spark curiosity and ignite a love for space science, covering topics such as planet formation, rocket launches and even the possibility of stepping foot on other worlds.

To make the experience even more memorable, children are invited to come dressed as astronauts! Homemade costumes are more than welcome. If children prefer not to dress up, they may wear their normal school clothes.

To help cover the cost of this workshop, we are asking for a voluntary contribution of £8.50 per child, payable via Arbor. However, in the event that a parent is unable to contribute, his/her child will not be treated any differently. Through Arbor, you are able to make a payment and also consent to your child taking part in the workshop. **Please ensure this is completed by Monday 26<sup>th</sup> January 2026.**

Thank you for your continued support; we look forward to seeing all the fantastic astronaut costumes!

Kind regards,

Miss Herfield and Miss Musetti
