

23rd June 2026

Dear Parents and Carers,

I am pleased to be able to let you know that we have booked a half day Mini Medics First Aid workshop for all children in Y5. Your child will be allocated to a session that will take place in the afternoon of either Tuesday 7th or Wednesday 8th July at school.

The sessions will be run by Ruth Watson of Watson Training Services and will cover the basics of first aid including how to call 999, the recovery position, choking and CPR. It will be a fun, practical and engaging session.

The cost of this session is £9.50 per child, and payment is now available via Arbor Trips. Whilst this is a voluntary contribution, please note that if insufficient contributions are received, the workshops may need to be cancelled. If you would like to make an additional contribution to help cover the cost for another child, it would be greatly appreciated.

Thank you for your ongoing support,

Kind regards,

Suzanne Brooke
Y5/6 Phase Leader
