

Moving Key Stages

A Story to Help

In September,

it is time

to move

from

KS1

Key Stage 1

to

KS2

Key Stage 2.

Some children

feel excited

and

happy

when they

move up

a year group.

Some children

may

feel worried

or

unsure.

It is okay

to feel

lots of different feelings

about

moving

up.

My new classroom

will look different from

my old one.

Some children

feel excited

or curious,

others

might

feel worried

or nervous.

It is okay

to feel

lots of different feelings

about

being in

a new classroom.

It is a good idea

to take my time

to look around

and

learn

where

things go.

 I will have a new teacher and maybe a new teaching assistant too.

 My teacher knows that I am learning new routines and may need help.

 I can communicate with my teacher if I am unsure about something.

 Teachers like helping children and want me to feel safe.

KS2

In Key Stage 2, the lessons and timetable might be a little different.

Some children need time to remember new routines.

Learning new routines happens one step at a time.

It is a good idea to ask a teacher or teaching assistant if I am unsure.

KS2

In Key Stage 2, I may be asked to work independently.

Sometimes this feels exciting and sometimes it can feel challenging.

That is okay and teachers are there to support me when I need it.

Trying my best is something to feel proud of - well done me!

KS2

++

Some of the work in Key Stage 2 may be a little more challenging.

Some children find harder work a bit frustrating at first and that is okay.

I can try my best and ask a teacher or teaching assistant if I am unsure.

It is okay to learn at my own pace.

Playtime

and lunchtime

will still happen

KS2

in Key Stage 2.

Playtime

or lunchtime

might be

at a different

time.

I might

play

in

a different part of

the playground

with

different

equipment.

I can be on my own

or I can choose

who

to play with

and join in

when I feel ready.

Sometimes I might

feel worried,

confused

or unsure

about something new.

Adults

understand

that new things

might

feel a bit scary.

I can tell

a trusted adult

at school

or at home

how I am feeling.

Communicating

my feelings

is a good idea

and

helps

people

support me.

There are many adults

at school

who can help me

during

the day.

For example, teachers,

head teachers,

TA's

and lunchtime supervisors.

These adults

want

me to feel happy

and

safe

in

my new

year group.

Asking for help

is

a good and sensible

choice.

KS2

 Moving to Key Stage 2 means I am growing and learning new things.

 Growing up can feel exciting and different at the same time.

 I can take each day one step at a time as I get used to the changes.

 Every day I am learning new things - well done me!
