Western Hive Wrap Around Care

*A hive of activity, adventure
and fun before and after
school every day*

At Western, we aim to develop kind, ambitious, curious, confident and successful young people who are excited about their futures.

What is the Western Hive?

The Western Hive is Western Primary School's own before and after-school provision for children aged 2-11. The Hive is committed to promoting the same values, ethos and characteristics of learning as we have in the main school, through provision of safe, engaging care for children before and after school.

The Hive is a service run by trained members of Western Primary School staff. Children attending the Hive will be provided with first class care, excellent facilities and engaging before and after-school activities.

We operate from two locations in school. The Early Years provision for children aged 2-6 (Y1) is based in the Reception classroom and children have access to our outstanding Early Years facilities and staff.

Children from Y2 to Y6 will be based in the canteen building at the rear of the building with our skilled staff.

Activities at the Hive

Children of all ages at The Hive will be able to engage in a variety of different activities to enrich the beginning and end of the school day. There will also be an area in both spaces where children can relax and unwind in a quiet space.
