## Spring 1 and 2: Rainforests

### Overview of the topic for the Spring term

**Rainforests:** We will begin our topic by finding out what a rainforest is and where they are found. Next, we will investigate the climate and layers of vegetation, within the rainforests. Throughout our topic we will examine the environmental impact of deforestation and climate change. Also, we will be visiting Flamingo Land where we will take part in a workshop and experience rainforest animals at first hand. Finally, we will celebrate our topic by sharing our work with parents.
