

YEAR 5/6~ OUR LEARNING SPRING 2 WEEK 6

The final week of the Spring Term finished with a flourish when we walked into Harrogate Town Centre and put our drawing skills to the test! After learning how to draw images with a one point perspective and developing our skills in the classroom, we took ourselves out into the field to apply our skills to real life. We spent an hour on the grassy area by the cenotaph drawing these images- aren't they fantastic?
