

TURQUOISE ROOM OUR LEARNING SPRING 2 WEEK 6

The week before our Easter break we continued learning all about Easter and new life. Our story was 'The Easter Egg Hunt'. The children have enjoyed sharing this book as they had to find the eggs hiding in different places in the book. This was great for learning positional language for example; under, behind, on top of, inside and outside.

We also enjoyed number songs as always. We have sung, '5 Currant Buns', which we have adapted to '5 Easter Eggs.' The children don't like to leave Westy Bear in our number sessions. We also sung See the Easter Bunny Sleep which is always a popular song. It's great for developing listening and attention skills as well as understanding.

We have done a number of Easter inspired creative activities including decorating giant Easter eggs with tissue and crepe paper, making Easter cards for our families and exploring using different paint methods.

We continue to enjoy being outdoors and we now join our Pre-school rooms in the main playground and the children are enjoying the opportunity to run. We also continue to use the Early Years gardens too. Please could we ask you to bring labelled sunhats and sun creams in your child's bag.
