

YEAR ONE~ OUR LEARNING AUTUMN 2 WEEK 2

In English, we continued our exciting journey with Traction Man! We explored the use of exclamation marks and question marks and had fun writing speech bubbles for Traction Man and his trusty sidekick, Scrubbing Brush.

Our Computing session introduced us to Spheros! What a super exciting lesson it was, discovering how to control these mini robots using our iPads. We can't wait to design obstacle courses for the Spheros in the upcoming weeks.

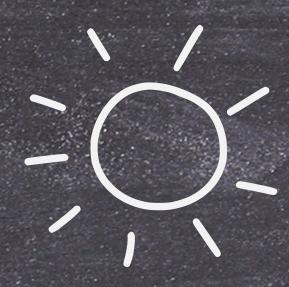

In History, we had a lovely time looking at a variety of toys, sorting them into categories: Victorian toys, Grandparents' toys, Parents' toys, and Now toys. We enjoyed discussing their different materials before placing them on our timeline.
